Verse 1

He's a little boy with big dreams beyond the family farm
A backpack full of art supplies, and a guitar on his arm
When he sees things that are beautiful, he captures them with paint
And Mama always says Norman's in the moon again

Verse 2

As he grew up his dreams stayed strong, and he made a happy life
A home filled with music, children, and a loving wife
He shared with them his love of all within them to create
As Mama always said Norman's in the moon again

Chorus

In the moon again, surrounded by the stars
Music, words, and colours, take him far away
In the moon again, a dreamer lost in space
Norman knows that art can make the world a better place

Verse 3

Norman's still a dreamer and he's happy on his farm
Writing poems, painting pictures, telling stories in his songs
He sings about the things he sees, and hopes to make some change
And Mama's still sayin', Norman's in the moon again

Chorus

And Mama just smiles... 'cause her Norman's in the moon again
